Professional Summary

Highly motivated **Computer Science student** with hands-on experience in **Full Stack Development**, **Microservices**, and **DevOps**. Proficient in **Java**, **Spring Boot**, and the **MERN stack**, with a solid foundation in **Docker**, **Kubernetes**, and **Google Cloud Platform**. Passionate about designing and deploying scalable, high-performance applications integrating modern AI and cloud technologies.

Skills

- **Languages :** Java, C, Python, JavaScript
- **Frameworks :** Spring Boot (Microservices), ReactJS, Node.js, FastAPI
- **DevOps & Cloud :** Docker, Kubernetes (Basic), Jenkins (Basic), Google Cloud Platform, Redis, REST APIs, Agile
- **Databases:** MySQL, MongoDB, PostgreSQL
- **AI/ML Tools :** Scikit-learn, Pandas, Numpy, LiveKit
- **Tools / Platforms :** Git, GitHub, IntelliJ, VSCode, Jupyter Notebook, Canva
- **Soft Skills :** Communication, Problem Solving, Easily Adaptable, Leadership Skills

Experience

- **Full Stack Developer Intern** — Hitloop (Hyderabad, India) *May 2025 – Present*
  Worked on real-time video and voice features using **LiveKit** and integrated cryptography in the backend along with attractive UI for enhanced user interaction with **React+FastAPI**.
- **Technical Intern** — Maang Technologies (Remote) *May 2024 – May 2025*
  Developed and deployed **microservices-based applications** using **Spring Boot**, improving scalability and reducing latency.
- **Java Developer Intern** — LetsGrowMore (Remote) *Jan 2024 – Mar 2024*
  Built Java-based desktop and web projects using **Swing** and **Servlets**.

Projects / Open Source Contributions

- **Resume-Hub** *click-to-see* *MERN, GeminiAPI*
  Worked as a Full Stack Developer for a web application named Resume-Hub, offering ATS compatibility checking (optional refinement), job recommendations, and instant interview questions — all based on the user's resume. Integrated GeminiAPI for advanced resume parsing and AI-driven features. This project was developed as part of my college minor project.
- **Back-End Application for Shopping Cart** *click-to-see* *Spring Boot Microservices*
  This project is a back-end implementation of a shopping cart application, developed using a microservices architecture with Spring Boot. It is containerized with Docker and orchestrated using Kubernetes for efficient deployment and scalability. It is part of my internship.
- **HHO** *click-to-see* *MERN, Redis*
  This project is a web application developed for a college-level organization named HHO. I contributed as a Full Stack Developer, handling both front-end and back-end development.
- **University Discussion & Collaboration Platform** *click-to-see* *MERN, tailwind CSS, Material UI*
  Designed and developed a responsive web application for a university, enabling features like student-mentor discussions, schedule and seating updates, result publication, and more. Built as part of a college hackathon, where the project secured 1st place.
- **Heart-Disease-Classification-Using-ML** *click-to-see* *Scikit-learn, pandas*
  Implemented a machine learning pipeline to predict the likelihood of heart disease in patients using various clinical parameters. Utilized multiple classification models and integrated their outputs through a majority voting ensemble to deliver accurate and reliable predictions.

Education

Rajiv Gandhi University Of Knowledge Technologies **RK Valley,AP,India** *2022 - 2026(Expected)*
B.Tech in Computer Science, CGPA:9.6

Rajiv Gandhi University Of Knowledge Technologies **RK Valley,AP,India** *2020 - 2022*
Pre-University Course, CGPA:9.94

Zilla Parishad High School **Chilamkur,AP,India** *2015-2020*
High Schooling from 5th to 10th, SSC CGPA:10.0

Certifications

- SQL (Basic) and SQL (Intermediate) certificates – HackerRank
- Java (Basic) certificate – HackerRank

Achievements

- Ranked 6009 in GATE CS 2025 with an intense preparation of 10 days!
- Secured first and third place in hackathons conducted on campus in the years 2025 & 2024
- Solving DSA problems on the LeetCode platform and solved 300+ problems on various data structures.
- Developed Java Content for freshers which is being used in a live website.

Hobbies

- **Listening to Music**
- **Programming**
- **Playing Chess & Sudoku**
- **Watching Movies**

Languages

- **Telugu** [Native]
- **English** [Medium]
- **Hindi** [Basic]
